

Joint SCAR/CEP Workshop on Further Developing the Antarctic Protected Area System

Workshop Note #5

Summary

This Workshop Note presents a revised Workshop Outline. Workshop participants are kindly encouraged to monitor the workshop website for further updates and documents.

Background

In Workshop Note #4 the workshop steering committee presented a revised Workshop Outline, and provided details regarding accommodation, registration and access to workshop documents. The steering committee also noted that it would issue further Workshop Notes as appropriate to provide updates on arrangements for the workshop.

Updated Workshop Outline and documents

A revised Workshop Outline (Version 3) is attached, containing updated details of presentations and a list of possible guiding discussion questions.

Several workshop background papers and other related documents are now available on the workshop website:

- First, go to: <https://scar.org/users/login/> (username: **cepworkshop2019**; password: **SCARCEP2019**)
- Then go to <https://scar.org/cep2019/documents/>

The steering committee has now developed a draft report on the state of the Antarctic protected area system, which has been posted the workshop website for consideration under ToR#1.

Future steps

The steering committee is pleased to note that approximately 50 participants have registered to attend the workshop.

Workshop participants will separately receive a short 'Logistic Note' prepared by the Ministry of the Environment of the Czech Republic, containing helpful practical information about the workshop venue and travel to the Czech Republic.

Participants are invited to monitor the workshop website and review background papers and related documents.

The steering committee looks forward to seeing everyone at the Masarykova Kolej on Thursday 27 June. Registration will be open from 0800, and participants are kindly requested to arrive in time to allow a prompt start to the opening session at 0900.

As always, the steering committee would be pleased to respond to any queries from CEP representatives. SCAR steering committee members will also continue to engage with SCAR representatives.
